

## **School Repair & Renovation Funding Grid 2002-2003**

**\$12,358,463** is available for School Repair & Renovation grants.

Buildings are allowed to apply for up to **\$100,000**.

**\$12,358,463 / \$100,000=123** buildings that could be funded.

If all buildings request the maximum amount, a minimum of **44** buildings will be funded that qualify as **high poverty**.

If all buildings request the maximum amount, a minimum of **13** buildings will be funded that qualify as **rural**.

All building applications will be scored and ranked. The highest scoring high poverty buildings will be selected until 44 buildings are awarded funding. Then the highest scoring rural buildings will be selected until 13 buildings are awarded funding. A building may qualify on both lists but will only be awarded one grant. If the minimum number of applications for high poverty and rural buildings, funds will be reserved for a second competition. The remaining grant funds will be awarded from the remaining building applications from highest ranked until all funds have been distributed.
